Pupil Photographic Consent Form

Dear Parent/Carer

At St Bede's we take photographs of pupils. We use these photos and images primarily for assessment evidence for children's work and to showcase children's talents and achievements in displays in school and on school performance DVD's. We also use them to communicate with parents and the wider community such as our School's Prospectus, School's website and on the school Instagram account.

We would like your complicit consent to take and use photos of your child in the ways described above. If you do not consent to us taking and using your child's photo please indicate below and we will contact you to discuss alternatives.

You can change your mind regarding your consents at any time by completing a new Pupil Photographic Consent Form which is available from our school website or the main school office.

- If you have any other questions or concerns regarding the way that you child's photo is used, please contact Ms Lima, School Business Manager.

Why are we asking for your consent again?

You may be aware that there are new data protection regulations from 25 May 2018. To ensure we are meeting the new requirements, we need to re-seek your consent to take and use photos of your child. We really value using photos of pupils, to be able to showcase what pupils do in school and show what life at our school is like to others, so we would appreciate you taking the time to give consent again.

Please consider each statement below and **tick the relevant box to give / not give complicit consent**:
